

## EASILY REPORT YOUR ENERGY & EMISSIONS-SAVINGS PROJECTS

### Have you pledged to reduce energy consumption and Greenhouse Gas Emissions?

Cities Power Partnership (CPP) and Azility have partnered to provide an easy, online tool to report on your energy and emissions savings projects. This data enables CPP to share the great work Australia's Local Governments are doing in tackling climate change.

### Projects like these (and many more) can be easily entered into Azility's online portal:

- Installed renewable energy (solar PV and battery storage) on council buildings.
- Adopted best practice energy efficiency measures across all council facilities.
- Rolled out energy efficient lighting across buildings.
- Created or purchased a carbon offset.

Benefits of tracking projects with Azility's online portal	You	CPP	Local & Global
Capture and consolidate your energy and emissions saving projects data in a single, easy-to-use system	✓	✓	
Record your projects once for ongoing annual reporting	✓	✓	
Contribute to Australia's largest database of Local Government energy and emissions savings projects	✓	✓	✓
Provide central visibility for CPP on members' energy and emissions- savings projects	✓	✓	✓
Promote Council's environmental achievements	✓	✓	✓

## WHAT TO DO

**Already an Azility client?** Keep entering energy saving projects and tick the 'Share with CPP' icon.

**New to Azility?** Contact us at [support@azility.co](mailto:support@azility.co) and watch [this video](#) to get started.

Azility is Australia's leading energy emissions tracking company for Local Government with over 120 Council clients.
